action at common law for the recovery of his wages, from immediate process out of any court having admiralty jurisdiction, wherever any ship or vessel may be found, in case she shall have left the port of delivery where her voyage ended, before payment of the wages, or in case she shall be about to proceed to sea before the end of ten days.

That if any seaman, who shall have signed a contract to perform a voyage, shall at any port or place, desert, or shall absent himself from such vessel without leave of the master, it shall be lawful for any justice of peace, within the United States (upon complaint of the master) to issue his warrant to apprehend such deserter, and bring him before such justice, and if it then shall appear by due proof, that he has signed a contract within the intent and meaning of this act, and that the voyage agreed for is not finished, altered, or the contract otherwise dissolved, and that such seaman has deserted or absented himself without leave, the said justice shall commit him to the house of correction, or common gaol of the city, town or place, there to remain until the vessel shall be ready to proceed on her voyage, or until the master shall require his discharge, and then to be delivered to said master, he paying all costs, and deducting the same out of said seaman's wages.

That every vessel belonging to a citizen of the United States, of the burthen of 150 tons or upwards, navigating by 10 or more persons in the whole, and bound on a voyage without the limits of the U. S. shall be provided with a chest of medicines, put up by some apothecary of known reputation, and accompanied by directions for administering the same, and in default of having such medicine chest so provided, and kept fit for use, the master of such vessel shall pay for all such advice, medicine, or attendance of physicians, as any of the crew shall stand in need of, in case of sickness, at every port or place where the vessel may touch at during the voyage, without any deduction from the wages of such sick seaman or mariner.

Treasury Department, September 28, 1790.

THE following regulations, which have been adopted towards carrying into execution the act, making provision for the debt of the United States, are announced for the information of the public creditors.

WHEN a transfer is to be made from one person to another, the *certificate* or *certificates* of the debt to be transferred, must be produced at the proper office, in order that the same may be cancelled, and a new one, or new ones, as the case shall require.

When a transfer is desired from one office to another, application must in the first instance be made to the office where the credit exists, whereupon the certificate or certificates of the debt to be transferred will be cancelled, and a special one granted; as a voucher to the Secretary of the Treasury; upon the production and delivery of which to a warrant will issue to the office, to which the debt is to be transferred, where the business will be completed.

The form (A) at foot hereof, has been adopted for the use of attorneys, to make transfers, which, and the directions for compleating it, it is expected will be carefully observed.

In every case of a transfer of the subscribed or funded debt, the new certificate will bear interest, only from the day of the quarter, in which the transfer is made. The unpaid interest which may have accrued prior to that quarter, will be paid only to the person, who was stockholder at the time it accrued, or to his *special assignee*.

Fourteen days before the expiration of each quarter, the books of each office will be closed; so that no transfers will be made, nor except at the Treasury, will any subscriptions be received, or old certificates exchanged for new ones, on the application of non-subscribers, during the *period*. This, the proper distribution of the funds, and preservation of order render indispensable.

In the subscribed or funded debt, interest as it becomes due will be paid without production of the certificates if- for the same. On the unsubscribed debt, if any there be, the production of the certificates will be necessary in order to the receipt of the interest, and an indorsement of the payment of it upon the certificates. This

however, in consideration of the risk and inconvenience of transmission, will not be required of those who hold certificates of the Register of the Treasury, and reside in the United States. The form (B) at foot hereof, a letter of attorney for receiving interest, and the directions therewith, it is expected will be carefully pursued.

At a Meeting holden at New-Haven, on the 9th of Sept. 1800, it was

VOTED, That the members of this society in the several towns to which they respectively belong, do by themselves or committee of their choice, enroll the names, ages and efforts of such persons as have been born since the 1st March, 1784, and who by law will be entitled to their freedom at the age of 25 years; to examine whether the names of such persons have been recorded according to law—to enquire whether any persons are illegally holden in bondage—also whether the other laws of State relative to the gradual abolition of slavery are duly observed—and to look into the character and conduct of free Negroes and Mulattoes with respect to morality, industry and economy, and report to the society, or their standing committee.

Having the table for all the dimes, if the value to be required of any number of cents above any certain dimes, but below the next higher, take first the dime below the given number of cents, and to the shillings, pence, and farthings contained therein add those contained in the super-numerary cents and you will have the shillings, &c. contained in the said given number.

NOTE—That at the head of the columns *s.* stand shillings, *d.* for pence, and *q.* for farthings.
